

Google Pay™ is a fast, simple way to make contactless payments.

Tap to pay with Google Pay makes checkout effortless.

Enjoy convenient and secure checkout with your phone everywhere Google Pay and contactless payments are accepted. Just tap and go, knowing that your payments are safely encrypted before, during and after every purchase.

How to add your card to Google Wallet

1. Download Google Wallet from the Google Play Store &/or open the app.
2. Tap the (+) sign & follow the on-screen instructions to add your Kerrobert Credit union MemberCard.
3. Verify your card if needed. Then you're all set!

Paying with Google Pay

With your smartphone:

- When you're ready to pay, unlock your phone, hold it near the reader, and look for the check mark. That's it!

With your wearable:

- On your watch, open the Google Wallet app. Hold your watch over the contactless payment terminal until you hear a sound or feel vibration from your watch.

When paying within apps:

You can also pay online and in-app wherever the Buy with Google Pay button is displayed.
