

the CORNER VIEW from the desk of General Manager, Trina Duhaime

It is remarkable to note we are already halfway through another year. The first few months of each year are often hectic as we finalize our year-end with auditors, prepare our budget for the current year, plan and host our annual meeting, and move forward with projects and activities.

Our annual general meeting was again held in March. This event provides a valuable opportunity to share with our members and community the success of our credit union; at the end of 2024, our assets exceeded \$70 million dollars and our profit before allocations was \$538,145! This achievement enabled us to declare a Member Loyalty payout of \$100,000 for the second consecutive year, processed on March 20th.

As a cooperative, we strive to excel in all cooperative principles, with Concern for the Community at the forefront. We take pride in serving our members.

Considering recent merger announcements throughout the credit union system, we recognize that this changing landscape presents new challenges for all credit union members. Currently, there are thirty credit unions in Saskatchewan, with Kerrobert being the second smallest. It is the responsibility of our board of directors to conduct due diligence in discussing and analyzing merger opportunities to provide strategic direction to management. As a result of these discussions, we have reaffirmed our decision and mandate to remain a strong, independent and autonomous credit union.

We are committed to continually supporting our community and demonstrating the Kerrobert Credit Union difference. We humbly ask that you continue to support us as well. If you have any questions or concerns, come talk to me. My door is open!

With your support, we were pleased to present fundraising cheques to our local Fire Departments!
